

Dedication

This is for Wayne, Kara, Dirk and Isabeau.

Acknowledgement

Thank you to the following people for their input, comments and support: Jay and Erika Barton, Wayne Barnett, the 2001 Geology Department at Venetia Mine, Ashok Doorgapershad, Chris Twiggs, Reiner Klemm.

Thanks also to the Gotha families. It was an honour to be allowed to walk on the farm and to experience it as you do – rumours of lions, notwithstanding. Ek wens julle net die beste vir die toekoms.
