Answer only three questions.
Choose three out of the following four questions.

1. What are the distinctive characteristics of the qualitative research approach and the quantitative research approach? How are they both linked to social research?

2. Define social research. How is it different from other forms of research?

3. What is a literature review? Why is it critical to the research process?

4. What is the role of theory in social research? In your answers please provide concrete examples from your field placements.
