Research questionnaire-2

RESEARCH QUESTIONNAIRE

My bursary application to do my D Litt Et Phil was approved. Part of my research includes an empirical chapter, consisting of a questionnaire.

My intention is to do the survey amongst the personnel of the Technical and GFB departments and make use of the Intranet as well as distributing the questionnaire to employees without computers.

The process steps include the following:

1. Send questionnaire to e-mail users.
2. Arrange sessions with groups of employees.

I already got permission from the Technical department to conduct the survey. (See attached letter)

Permission is hereby requested to do the survey also in the GFB department during the next month.
