

ACKNOWLEDGEMENTS

The following contributed in a special way to the completion of my short dissertation. It is my privilege to thank each of them:

- My Creator for giving me the talent, opportunity and perseverance to reach this milestone in my career.
- My wife San-Marie for her loyal support, influence and encouragement.
- Prof Frikkie Herbst, my study leader, for his assistance, patience and guidance.
- My mother, family and colleagues for their interest and support.
