

I dedicate this research to:

*People who are living in poverty,
especially those whom I did have
the privilege of working and living
alongside, the last twenty six years, in:*

*Zambia, Malawi, Mozambique as well as
Kwa Ndebele, Mpumalanga,
Zandspruit and Diepsloot, Gauteng.*

*I am in debt of your love, grace, forgiveness
and understanding.*

*You have taught me many, many lessons
and among those, that it is possible
to be joyful, thankful and share whilst
having nothing!*

Thank you!

*"we must always remember
to help the poor"
(Galatians 2:10 LB)*
