

ACKNOWLEDGEMENTS

I wish to express my appreciation to the following people, all of whom contributed to make this thesis possible:

- ❖ Dr Roestenburg, my supervisor, for his constant guidance, expert advice and patience, who contributed significantly to the final product.
- ❖ Dr Oliphant who assisted for part of the study as a co-supervisor, for her feedback and support.
- ❖ To Anton and Nicole, my husband and daughter, for your constant support, motivation and always believing in me.
- ❖ To my mother, for your support and assisting me to have time to study.
- ❖ Ria Uys, for typing the thesis and always meeting deadlines.
- ❖ Trish Cooper, for editing my writing.
- ❖ Prof. Posthumus, for translation of the questionnaires.
- ❖ Dr Boer and personnel from Allwear, for permitting the research and for their assistance with the collection of data.
- ❖ All the respondents for completing the questionnaires, and thereby making this study possible.
- ❖ Lisha Stevens and the fieldworkers for completing all the questionnaires.
- ❖ Riette Eiselen and Adam Martin from Statkon, for their statistical analysis of the data.
- ❖ To my family and friends, for their constant support and interest in this study.
